 2. Gillian Belben asked that Mr and Mrs Goodenough from Sheepwash Cottage be sent a letter of thanks for the work they have done to the plant borders around the village hall. They have not only funded this but planted out and maintained the area over the summer months ensuring it was well watered. Action Gill Phillips to write a letter on behalf of the committee.
 3. Sally Cardew asked about the refurbishment of the village hall notice board and suggested that the remaining monies after the bench purchase from the funds raised in memory of Daphne Cook could possibly be utilised and go towards this. Gillian Belben said that notice boards is one of the areas judged in the best kept village competition and refurbishment may help in future as the Parish Council new notice board was commented on positively by judges. The fence will also have

to be considered soon for replacement once the wall repairs have been funded.
